Whirlwind Fund Invites Applications For Seed Capital Investment From Entrepreneurs Globally.

BANGALORE, Karnataka, India- December 1, 2015 – Whirlwind fund, a brand of Black Linus Studios International LLP, has launched a new Global Investment Program for anybody wanting to start a business.

About The Program

Whirlwind Fund is an early stage fund commissioned with the exclusive goal of identifying business ideas that have the potential to grow into great businesses. In order to give opportunity to anybody with a sound business plan, not concerned with if that person comes from a business lineage, their academic qualifications, their 'idea pitching capacity', the place they come from, whether they are old or young, whirlwind fund only looks into the merit of their business ideas and their eligibility to transform their ideas into a great business.

Anyone from anywhere can register and submit their business ideas. We deliberate on the viability of the submissions and pick up to ten ideas and fund them.

This platform is meant for genuine business ideas and applicants who are serious about their entrepreneurial venture, hence to keep out junk, whirlwind fund charges \$25 as registration fee for each application.

Applicants will have a thirteen-week window for submission starting from 01 December 2015 to 29 February 2016 to submit their business ideas. The last date for submission is 29 February 2016.

The business ideas selected will be announced on 31 March 2016 on our website and through email notifications.

Anyone from anywhere can apply. Each user who has created a profile with a verified email id can submit up to ten business ideas. The applicants should be of legal age to do business in their respective countries. Parents or legal guardians should fill minor's application.
